ALL SUITS ARE DESIGNED
& HANDCRAFTED IN THE U.S.A.

Fits like a second skin &
protects like one too

GIDGET & MAVERICK

“The K9 Top Coat Supra Bodysuit is nothing short of a miracle!!! My Dutch Shepherd has suffered from allergies for almost 4 years. I have spent over \$5,000 in testing and in an effort to make him more comfortable. Galen has been more on than off steroids for his entire 5 years. I tried dressing him in shorts and a t-shirt but, he would manage to undress himself in a few short seconds. The topcoat slips on and off with ease. It took him less than a day to get use to it. I remember calling you after that first week, practically crying tears of joy because with his topcoat on, Galen slept through the night for the first time in years! PS Even the hair on his ears is growing back!”

ALLERGIES
L. PEARL

“Oh my gosh! Ordered the red sun protection Supra bodysuit and it is fantastic!!! The fit is absolutely perfect & it is so easy to put on, which I wasn't expecting. Our dogs play on the beach & swim in the water of Puget Sound all day long in full sun. They are white & golden so skin cancer is a concern. Now with a little doggie sunscreen on their noses and tops of their heads they are totally protected. And....our friends think Ellie looks so athletic, like a surfer! We only ordered 1 to check the fit & see if we liked it, (we love it!) so we are ordering one for our other dog tonight. Thank you! And btw, your customer service is outstanding.”

SUN PROTECTION
MOLLY

“So helpful post surgery. My dog had a large incision from a tumor removal surgery and our vet recommended this product. The full-coverage body suit really made life easier for us both! No cone was needed! He couldn't mess with his wound dressings or stitches at all! The compression of the suit was perfect! Thank you K9 Topcoat!”

POST SURGICAL
KEL PERLICK

“Just what we needed!!! We bought the Full Cover Bodysuit to protect our sweet Larry Lovebug from further UV damage, subsequent to his diagnosis of dermal hemangiosarcoma, a potentially aggressive cancer caused by sun exposure. He LOVES wearing it and it's easy to put on and take off. He also loves to sunbathe and we feel much more relaxed about letting him do that with the suit on. It's also perfect for covering surgical sites while healing, so much better than the cone of shame! We had no idea UV suits existed for dogs until our vet recommended it and we are so grateful for K9 Top Coat!”

KIM

Sizing is Easy

Simply compare your dog's Top Line (TL) and Girth (G) measurements with those listed in the sizing chart below. If your dog fits into more than one size category, give us a call and we will be happy to help you determine the correct size.

1 Top Line (TL)

Measure from the base of the neck, along the spine to the dock of the tail.

2 Girth (G)

Measure the distance around the girth behind the front legs.

3 Match the Size

TOP LINE (TL)	GIRTH (G)	K9 TOP COAT SIZE
9"-12"	11"-14"	0
13"-14"	14"-16"	1
15"-16"	16"-18"	2
16"-18"	18"-21"	3
18"-20"	21"-25"	5
20"-23"	25"-28"	7
20"-23"	27"-32"	8
23"-26"	27"-32"	9
26"-29"	32"-36"	11
29"-34"	36"-41"	12

K9 Top Coat

Created in 1999, K9 Top Coat's Original Supra Bodysuit revolutionized dog apparel. Designed and made in the USA by a world class sportswear manufacturer. Our bodysuits fit like a second skin and protect like one too. Over the past 20+ years, our bodysuits have changed the lives of tens of thousands of dogs world-wide. The snug and comfortable form-fitting design not only offers excellent coverage, it also provides a full body compression that is very soothing and comforting to dogs under stress.

The most dramatic improvements have been experienced when the bodysuits are used to aid in the treatment of medical conditions such as contact dermatitis, skin cancer and Lyme disease prevention, mange, hot spots, burns, Ehlerd-Danlos syndrome, systemic lupus erythematosus — the list goes on. Our bodysuits, with their breathable 4-way stretch Spandex material, are also an exceptionally comfortable alternative to the awkward Elizabethan style cone collars. Available in 10 sizes to fit a wide range of shapes and sizes.

POPPY

Will Not Cause Overheating
UC Davis, School of Veterinary Medicine conducted and published a clinical study that concluded K9 Top Coat's Supra Bodysuits do not cause overheating. To read the study's findings visit K9topcoat.com/clinical-study

Original Supra Bodysuit

PIPER
